

Kavya Siri Gadde

Full Stack Developer

✉ kavyasirigadde@gmail.com ☎ (561) 975-1107 📍 Boca Raton, Florida 🔗 [linkedin.com/in/kavyasirigadde](https://www.linkedin.com/in/kavyasirigadde)

SUMMARY

Entry-level Full Stack Developer with hands-on experience building scalable web applications using Java, Spring Boot, React.js, PostgreSQL, and AWS. Strong foundation in backend development, REST APIs, cloud technologies, and database design. Experienced through software engineering roles, internships, and academic projects. Passionate about developing efficient software solutions and continuously learning modern technologies.

EXPERIENCE

Compass Group USA

Jan 2025 – May 2026

Part-Time Employee

- Provided customer service in a fast-paced university dining environment serving students, faculty, and staff.
- Collaborated with team members to ensure efficient daily operations and quality service delivery.
- Balanced part-time employment alongside graduate studies, demonstrating time management and responsibility.

KopenSoft, Hyderabad, India

May 2023 – May 2024

Software Engineer Intern

- Developed full-stack web applications using Java, Spring Boot, React.js, PostgreSQL, and AWS.
- Built RESTful APIs for authentication, user management, analytics, and backend workflows.
- Implemented JWT authentication and role-based access control for secure application access.
- Integrated OpenAI APIs to support AI-powered recommendations and automated workflows.

Salesforce

Apr 2023 – May 2023

Salesforce Developer Intern

- Gained hands-on experience with Salesforce fundamentals, data modeling, automation, and security concepts.
- Worked with Apex programming, Lightning Web Components (LWC), VS Code, and Salesforce CLI.

Amazon Web Services (AWS)

Mar 2022 – May 2022

Data Analytics Intern

- Performed data analysis, preprocessing, and visualization on real-world datasets.
- Identified trends and generated actionable insights using cloud-supported analytics tools.

PROJECTS

AI-Powered Interview Preparation Platform

- Built a full-stack interview preparation platform using Java, Spring Boot, React.js, PostgreSQL, and AWS.
- Developed secure authentication, interview management, analytics dashboards, and feedback modules.
- Integrated OpenAI APIs to generate interview questions, evaluate responses, and provide AI-driven feedback.
- Implemented REST APIs, database management, and cloud deployment architecture.

FarmGuide Using AI Techniques

- Developed an AI-based agriculture assistance system to support farmers with crop recommendations and guidance.
- Applied machine learning techniques for crop analysis and decision support.
- Designed a user-friendly interface for accessing agricultural insights and recommendations.

SKILLS

Programming: Java, Python, SQL, JavaScript, HTML, CSS

Frameworks: Spring Boot, React.js, REST APIs, Hibernate, JPA

Databases: PostgreSQL, MySQL

Cloud & Tools: AWS, Microsoft Azure, Docker, Git, GitHub, Postman, IntelliJ IDEA, VS Code

Concepts: Object-Oriented Programming, Data Structures, SDLC, Agile Methodologies, Authentication & Authorization

EDUCATION

Florida Atlantic University, Boca Raton, FL

May 2026

M.S. Computer and Information Sciences

GPA: 3.926/4.0

Bachelor of Technology in Information Technology

2024

CERTIFICATIONS

Microsoft Certified: Azure AI Engineer Associate — Google Cloud Digital Leader — AWS Machine Learning Foundations — AWS Data Analytics — AWS Cloud Foundations — Celonis Execution Management Consulting Program
